

Top Five of the Mystery Genre - 2008 - Library Journal

“Outstandingly researched and laden with suspense, this journey into ancient Rome by history professor Bell could be one of the masterpieces of the mystery genre.”

ASSIGNED BY EMPEROR DOMITIAN to search for blood heirs to Caesar Augustus, Pliny and Tacitus seek solutions to layers of mysteries. Why is a humble workman's death important to the ruler of Rome, and what connects him to Pliny's household? How do Domitian's suspicions relate to the "cousin" of Pliny's old friend and mentor? Like a sinister red line slashed through a carefully prepared manuscript, the legacy of Augustus marks the connections.

WILL THE ANSWERS SAVE THE PEACE OF ROME, OR MARK ITS DOOM?
